REMARKS

This supplemental amendment is being submitted in accordance with the request of the Examiner as reflected in the Interview Summary dated May 11, 2006 so as to obtain allowable claims and to correct minor informalities with regard to the Sequence Listing. The specification has also been amended as needed to add the references to the proper sequence ID numbers where necessary, and to make the brief description of drawings consistent with the sequence information in those drawings and with other previous amendments to the drawings. Finally, a new paper copy of the Sequence Listing is submitted along with a version in computer readable form which addresses the Examiner's objections as set forth in the Interview Summary dated May 11, 2006.
